

VICTORIAN DESALINATION PROJECT

MEDIA RELEASE

31 March 2011

VICTORIAN DESALINATION PROJECT COMMUNITY SITE TOURS

Members of the local community will be able to take a first-hand look at construction progress on Victoria's new desalination plant, with the project announcing site tours on Tuesday 26 April 2011.

The tours will allow the local community the chance to view the significant progress being made on the 29 buildings that make up the desalination plant, including the reverse osmosis building with its trademark green roof.

For the safety of visitors, tours will be undertaken by bus, departing from Wonthaggi Recreation Reserve from 9am.

The Community Site Tours are free.

Spaces are limited and bookings are essential by calling the project's Community Contact Line on 1800 811 214 or by visiting the Community Information Centre at 33-35 Murray Street, Wonthaggi.
